Background

- 2 In September 2021, the AASB issued ITC 46 for comment by 18 February 2022 and, at the May 2022 meeting, the Board discussed [feedback received](#) from the ITC. The Board considered its responses to the feedback received and made decisions on the work program at the June 2022 meeting.
- 3 Attached paper 8.2 is a draft feedback statement summarising the Board’s response to feedback received and the AASB work program 2022–2026.

Question for Board members

- Q1 Do Board members have any questions or comments on the draft feedback statement?

Next steps

- 4 The feedback statement is expected to be finalised and published in September 2022. As the next AASB meeting is in late September, staff recommend finalising the feedback statement via a sub-committee of the Board.

Question for Board members

- Q2 Do Board members agree with the staff recommendation that the feedback statement be finalised out-of-session via a subcommittee of the Board? If so, which Board members would like to join the subcommittee?
